Don’t let your precious memories fade away.

Video tapes, movies and photos can be digitally copied and saved to DVD so they can be enjoyed on your TV or computer.

Thumbs Up

To the new gazebo at DI.
To all sports currently being played on HI and 2 thumbs up for all the organisers.
To the Shire for the erection of solar lights around HI.
To a great Atoll trip, donated by Dept of Infrastructure, CKI Ports & Patricks.
To Olivia and Tony for running the kids soccer clinics.
To everyone who set up, cleaned up and enjoyed the Cocos Mardi Gras!

Feel free to email your thumbs up to:
communications@cocos.wa.gov.au
We all have many precious video tapes, films, photos and other memories we want to preserve for our own enjoyment and for future generations.

Old cassette tapes decay and will become impossible to use and will be lost to your family and friends.

**Act now before it’s too late**

Now you can save all your precious memories so you can enjoy them in the future.

**Easy steps to save your precious VHS, Beta tape and film memories:**

1. Fill out order form and hand to your retailer with the cassette tape or film you want converted
2. Your retail store will send your tape or film to our editing facility where it is examined and then converted to DVD so it can be played on your computer or TV
3. Your originals plus new DVD will be returned to your retail store via TNT Express for better reliability and security.

**Cost of this service:**

Email: cocosislands@crc.net.au
Dear Residents,

Shire Ranger, Razali Zainiel, has been doing monthly patrols behind backyards of kampong residential area. A few chicken pens with chickens have been sited and the Shire Ranger would like to advise residents that they should re-locate the chickens immediately at the designated farm plots. In the event that residents do not have a plot assigned to them please fill free to come to the Shire office to apply for one.

Based on Water Corporation’s testing and sampling of our underground water supply, results have detected that our water supply has been contaminated from chicken manure especially during heavy rainfall events.

We appreciate your co-operation in this matter. Please note that further actions will be taken if you wish not to co-operate. Please feel free to call the Shire Ranger or Peter Clarke (CEO) on 08 91626649 for any concerns about this issue.

IMPORTANT NOTICE FOR HOME ISLANDS RESIDENTS

Oriental Turtle Dove on Cocos (Keeling) Island first for Australia!

Kelly Edwards ( twitcher extraordinaire) from Cocos Island Community Resource Centre found this Oriental Turtle Dove at the back of her house on Saturday, just before the plane left with Biggles (a visiting birder) on board. Richard Baxter who runs bird watching tours to Cocos Island on a regular basis had left on the plane the previous day having seen nothing particularly unusual.

I was working behind the bar at the club when Kelly found me and told me where the bird was. Excitedly I ran and got Biggles before he boarded the plane and connected him with Kelly, temporarily re-prioritising my bar duties! Unfortunately the bird had flown and Biggles missed out on seeing a “first for Australia”.

We have been keeping an eye out for the dove since then and Geof spotted it on Monday morning at the back of the school. We both managed to get photos. Hopefully it will stay around for a bit so we can get some more. Please let us know if you see any unusual birds around the Island. It’s a bit like looking for a needle in a haystack but really it’s fun finding one—ask Ket!

The Rural Health West Doctors’ Service Award for Remote and Clinically Challenging Medicine for 2014 has recently been awarded to Dr Rosemary Lee. This is in recognition of her role here, providing a high standard of health care in one of Australia’s most far flung territories.
**Quote of the Day**

The only place where success comes before work is in the dictionary.

Attributed to both Vidal Sassoon and Donald Kendall

---

**Thought for the Day**

"If our lives scream out, 'love, kindness, joy, hope, forgiveness' they will definitely be echoed back. So, go ahead and live loud and bring back a beautiful echo, echo, echo."

Caroline Naoroji

---

**Jokes of the Week**

A doctor worked on the tenth floor of an office building. In the building was a pub, where the doctor had a lemon daiquiri, every day at quitting time. The bartender's name was Dick.

One day Dick found out he didn't have any lemons and no time to get any. So he thought he would make up a hickory daiquiri instead and at the end of the day, the doctor would be too tired to notice.

The doctor sat down, took a sip and said "This isn't a lemon daiquiri, Dick!...To which Dick replied, 'No, it's a hickory daiquiri, Doc!'"

The sergeant-major growled at the young soldier: "I didn't see you at camouflage training this morning."

"Thank you very much, sir!!!"

A man walks into a bar and asks for a glass of water. The bartender pulls out a shotgun and fires a shot, barely missing the man's head. The man gets up, says thank you, and leaves a tip.

Why the tip and thank you; "because the man had the hiccups."

---

**ANNOUNCEMENT**

On Behalf of IOGTA and PIPC

This year marks the 10th year since the commencement of construction of the Masjid Pulu Cocos (Cocos Islands Mosque). Since its establishment in 2009, Persatuan Islam Pulu Cocos (PIPC) have spent over $523K on the construction with a large portion of it coming from fundraising by PIPC and donations from the Cocos Malay community.

In its final stages of completion, PIPC are very grateful to have been given the opportunity to work alongside IOGTA in their project to provide on the job training and employment to jobseekers and simultaneously seeing the Mosque project come to completion.

The Mosque will serve as the primary place of worship on Home Island, a venue for religious education activities and will be an integral part for the whole community in coming together to celebrate religious events.

Mohammed (Issa) Minkom
President PIPC

In June of last year, IOGTA submitted an application to the Community Development Fund as a Remote Jobs and Communities Program (RJCP) provider. The intent of the proposed project was to use the on-going construction of the Mosque, which is a centre of the Home Island community to provide employment and training opportunities for job seekers. It would also provide for the continuing participation requirements of jobseekers through work and volunteering opportunities.

It is with great pleasure that IOGTA and PIPC can now announce publicly that the funding request has been granted and the project will be commencing very soon.

This funding will assist in the purchase of building materials and some of the labour to contribute to the completion of the Mosque on Home Island.

David Donovan
General Manager IOGTA

2014 Temporary Employment Register –
Invitation to submit Expressions of Interest

The Indian Ocean Territories Administration (IOTA) invites residents interested in casual relief or temporary employment to submit an expression of interest (EOI) for our 2014 Temporary Employment Register.

Fixed term and/or casual relief employment opportunities may be available in the following areas throughout the year:

- Christmas Island District High School
- IOT Corporate Services
- IOT Operations
- IOT Power Service
- IOT Health Service

Positions generally range from a Territory Officer Level 2 (starting at $20.96 per hour) through to a Territory Officer Level 7 (starting at $30.94 per hour).

Employment opportunities can include: Administrative, Cleaning, Gardening, Maintenance, Handyperson, Education Assistant and Electrical.

Residents are invited to submit an EOI indicating the type of work they would be interested in, along with a copy of a current résumé by email to iothrteam@infrastructure.gov.au or in person at the IOT Administration office (upstairs).

If you have previously submitted an EOI and are still interested in casual or temporary employment, please let us know so that we can ensure our Register is up to date.

Any queries can be directed to Kevan Foo, HR Officer on 9164 7901 ext 7930.

David Ellis
A/g Director, Indian Ocean Territories Administration
27th March 2014
## Side Effects of Drinking Soda

Soda is mostly popular as a soft drink among people. This is quite famous among people of various age groups. They are just addicted towards soda; they do not even give any attention about its side effects, which is quite acute.

- Drinking soda contains several chemicals which forces you to feel dehydrated.
- It is a combination of high sugar & fructose corn syrup, which can be responsible for your excessive weight gain.
- Soda does not carry any nutritional value; it is nothing but a addition of empty calories.
- Exorbitant soda consumption can even cause high blood sugar, which in turn increases the risk of excessive heart rate, faintness etc.
- Excessive soda intakes can result in your bad dental health as well as cavities, because it contains excessive acid & sugar.
- Because of its caffeine content you can easily grow the addiction.
- Caffeine enhances the chances of your weak bone, because it absorbs the calcium from the bones.
- You can even experience stress, insomnia, restlessness etc because of excessive soda consumption.

AFL - COACH IN RESIDENCE

PAUL (PIRRA) PIRROTTINA

PROFILE:

My name is Paul Pirrottina and I am the Midwest Gascoyne Murchison Regional Football Development Manager. I am employed by the WAFC (West Australian Football Commission) and have been in the role for 5 years. I feel extremely privileged to be given the opportunity to come to the Cocos Islands and Xmas Island to work with the local people and schools.

I have extensive experience and expertise with some WAFC-based programs such as AFL 9’s (social non-contact form of AFL), the AFL Ambassadors (school teachers who help promote AFL in schools), Multicultural programs, Coaching Courses, Auskick. There are numerous literacy and numeracy AFL-based curriculum activities that I am also able to offer on my visit.

In conclusion I look forward to working with you all during my visit.

How do I do it?

The object is to insert the numbers in the boxes to satisfy only one condition: each row, column and group of squares enclosed by the bold lines must contain the digits 1 through 9 exactly once.

The rules for different size and shape puzzles are pretty much identical. The different size puzzles simply require a different set of numbers.
